

Brain-Boosting Fun!

ACTIVITY BOOKLET

THE BUSY WORLD OF BEES

Published by
Namibia Berries

Explore, learn and have fun!

Hi friends, I'm Tuli™ the Hippo, from Namibia Berries®!

Join me on a buzzing adventure to discover how bees and pollination help us grow delicious blueberries on the banks of the Okavango River, right here in Divundu.

Did you know? Without bees, blueberries wouldn't grow! These tiny helpers carry pollen from flower to flower, turning blossoms into tasty berries. Pretty amazing, right?

In this booklet, you'll find games, puzzles, and activities that will help you learn more about bees, flowers, and blueberries.

So, grab your pencils, bring your curiosity, and let's have some brain-boosting fun!

SECRET MESSAGE

Use the number key to decode the puzzle and find the hidden message from Tuli!

Each letter of the alphabet is represented by a different number.

A = 3	B = 11	C = 16	D = 19	E = 12	F = 21	G = 4
H = 9	I = 15	J = 26	K = 2	L = 10	M = 5	N = 8
O = 7	P = 20	Q = 1	R = 23	S = 14	T = 22	U = 18
V = 6	W = 25	X = 17	Y = 13	Z = 24

WORD SEARCH

The bees are buzzing, the flowers are blooming, and our blueberries are growing under the warm Namibian sunshine.

Can you find all the words in this word search? The words are hidden → ↓ and ↘.

I	B	O	M	X	P	F	X	Q	W	A	O	S	S	C	F	K	W

COLOUR BY NUMBERS

Use the number key below to colour in this busy bee! Each section matches a number, so as soon as you start colouring, your bee will take shape.

Bees are amazing pollinators – they carry pollen from flower to flower, helping plants and fruit like blueberries grow.

BLACK

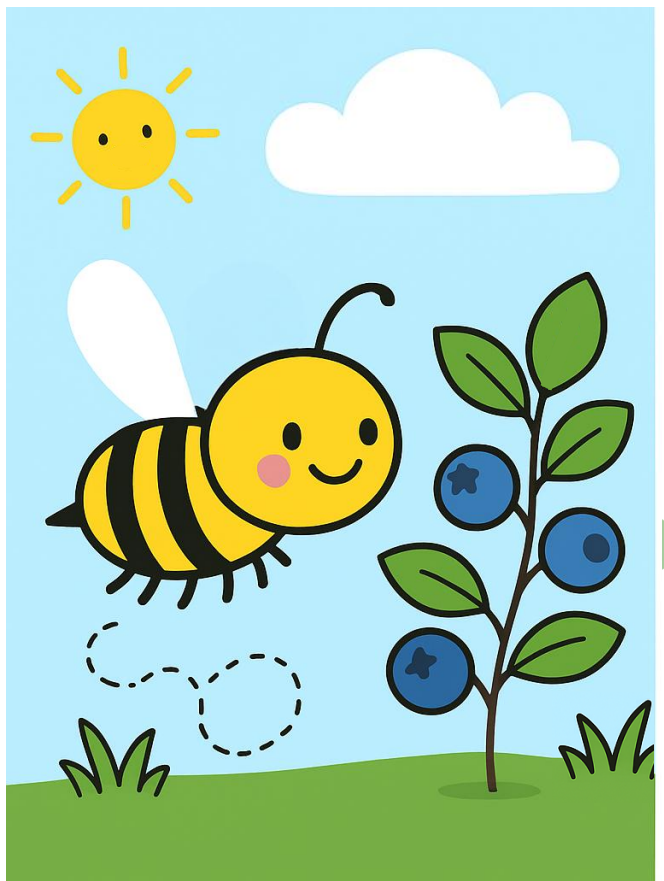

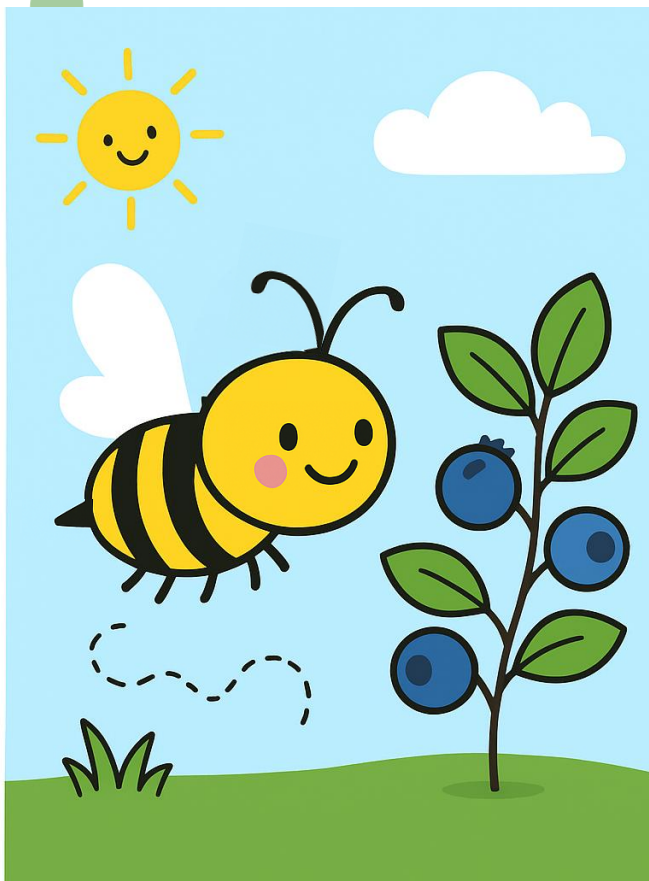

YELLOW

LIGHT
BLUE

SPOT THE DIFFERENCES

Can you spot the 10 tiny differences between these two scenes?
Mark the differences on either picture with an X or a circle.

Tuli's Tip: To spot the differences in the two pictures, look closely at the sky, the ground, the bee and the blueberry bush.

FUN WITH SUMS

Get ready for a math adventure! In this quiz, numbers are replaced by colourful flowers. Can you solve the puzzle and find the answer for the green box?

Flowers aren't just beautiful – they are also very important for bees, giving them nectar and pollen to survive!

$$\text{Blue Tulip} + \text{Yellow Flower} = 5$$

$$\text{Pink Flower} + \text{Pink Flower} = 6$$

$$\text{Yellow Flower} + 2 = 6$$

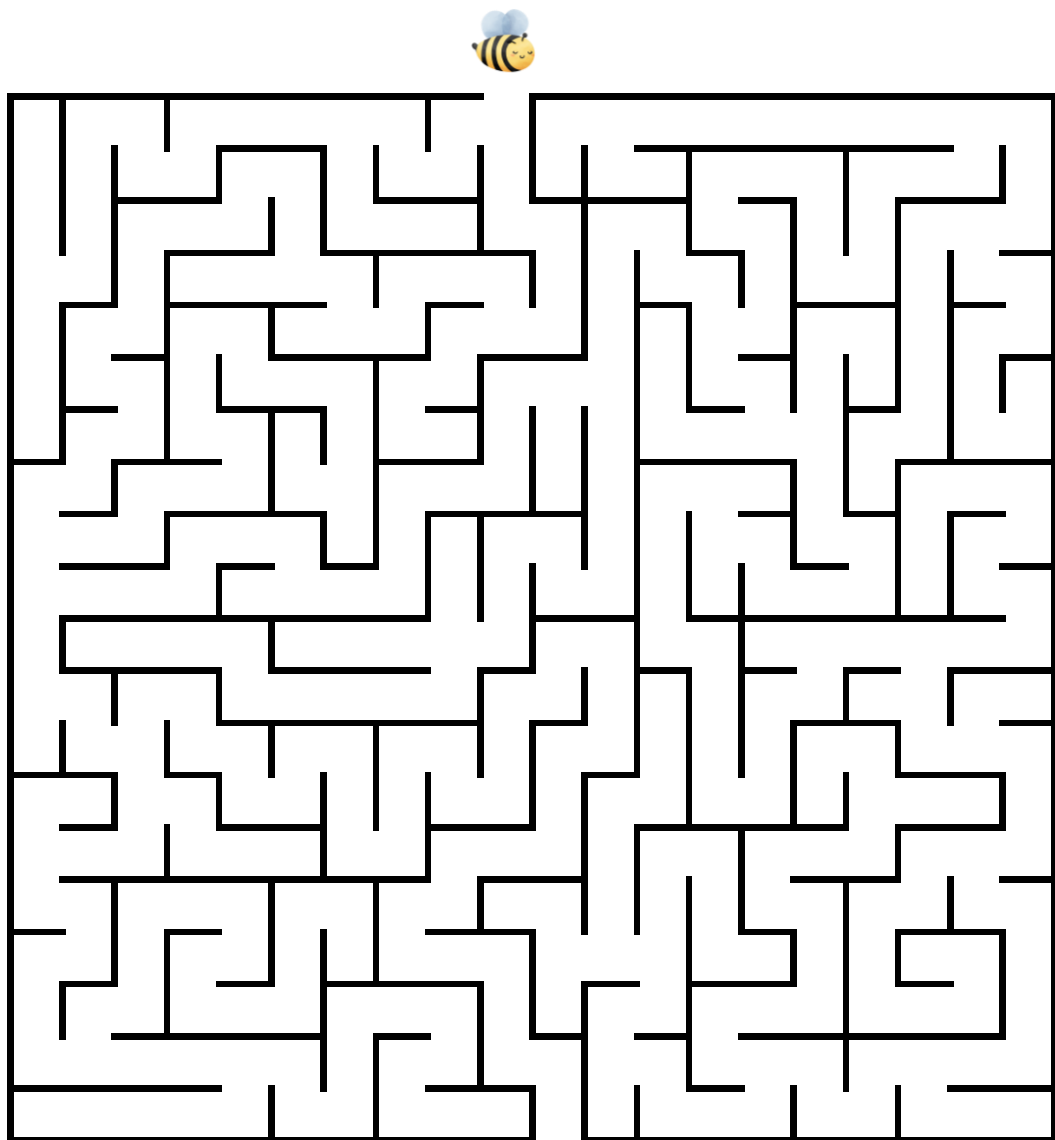

$$\text{Pink Flower} + \text{Blue Tulip} = 4$$

$$\text{Yellow Flower} + \text{Pink Flower} = \text{Pink Flower with Yellow Center}$$

$$\text{Yellow Flower} + \text{Pink Flower with Yellow Center} + \text{Blue Tulip} = \boxed{}$$

THE AMAZING MAZE

This busy little bee has been out collecting pollen from the flowers! Can you help it find its way back to the hive? The hive is the bee's special home – it's where the queen bee lives, honey is made, and all the bees work together.

WORD SCRAMBLE

Can you unscramble the words on the left? They all belong to our buzzing friends and the farm where flowers bloom and blueberries grow.

Frowels → _____

Heeneybo → _____

Hevi → _____

Pellon → _____

Bizzung → _____

Brruebelies → _____

Sineshun → _____

Tuli's Tip: Struggling to unscramble the words? These words are also in the word search activity. So take a look there if you get stuck. Also: Each word starts with the same first letter as the answer.

COUNT AND COLOUR

Count the flowers in each group on the left, and colour in the correct number on the right.

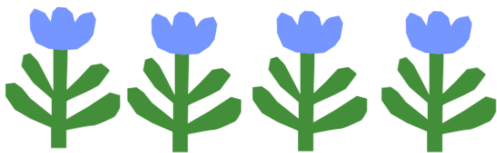

Flowers give bees nectar for energy and pollen for protein – it's their favourite food!
